Climb27®

30 JUNE AND 1 JULY 2027

EDITION GUIDELINES

YOUR *BUSINESS.* BIGGER STAGE.

Two days of Main Stage Moments and the people you came to meet. How every Climb27 piece looks, moves and sells.

THE LINEUP

01 THE IDEA / 02 LOGO / 03 COLOUR
/ 04 TYPE / 05 GRAPHICS / 06 PHOTOGRAPHY
/ 07 MOTION AND DIGITAL / 08 VOICE
/ 09 OUT IN THE WORLD / 10 EVERYONE

Every section is a headline act. Start with the idea, then use the rest when you need it: a printer needs section 09, a developer needs 07, and anyone writing a single word needs 08.

01

THE IDEA

BUSINESS THAT FEELS LIKE A FESTIVAL

NEVER CORPORATE

THE BIG IDEA

BUSINESS WITH A PARTY.

NOT A PARTY FOR BUSINESS.

Every piece has the energy of a headline act and the discipline of a good adviser. It is exciting **and** useful, or it is not finished.

ONE FAMILY

ONE *FAMILY*. ONE FEEL.

Climb27 is this year's edition of ClimbUK. The edition mark leads on every event piece, with ClimbUK as the endorsement.

ClimbUK®

THE BRAND AND THE FESTIVAL

Posters, the website, socials, signs and everything people see first.

THIS BOOK

Climb27®

THIS YEAR'S EDITION

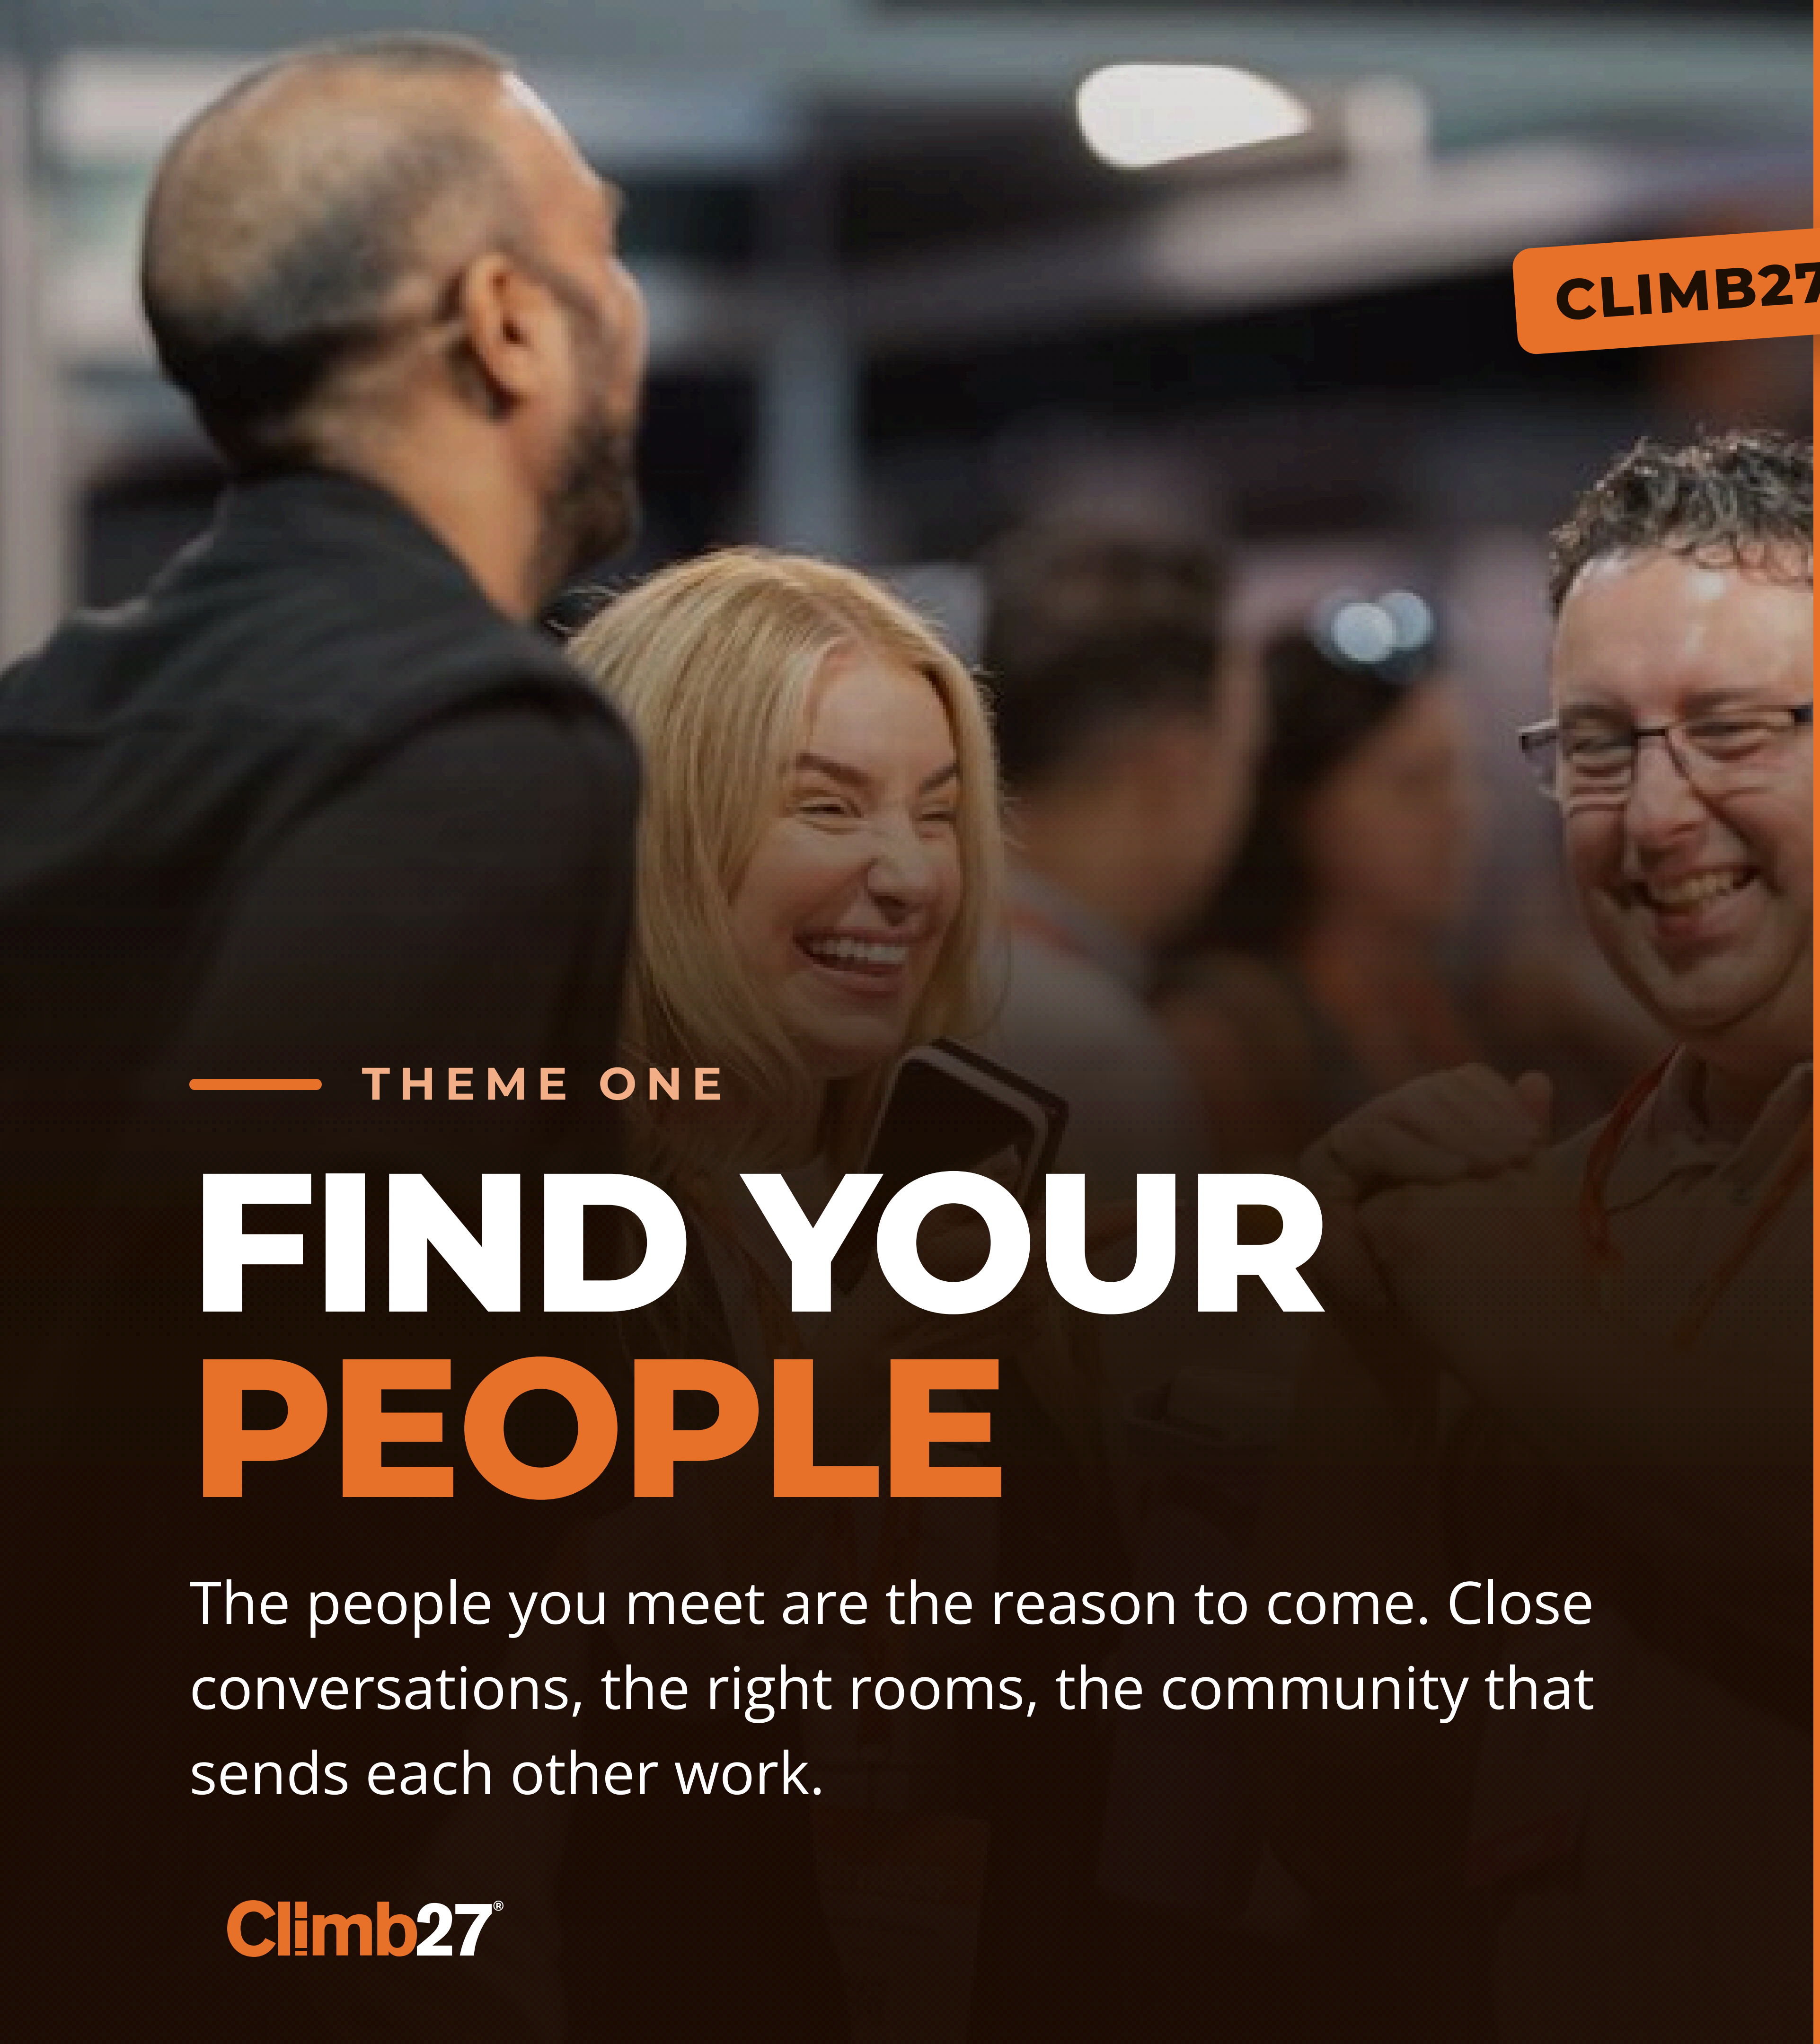
Leads on event pieces, with ClimbUK as the endorsement. Climb26 was last year.

ClimbGroup®

THE COMPANY NAME

Contracts, invoices, legal lines, company decks and the ClimbGroup Event App.

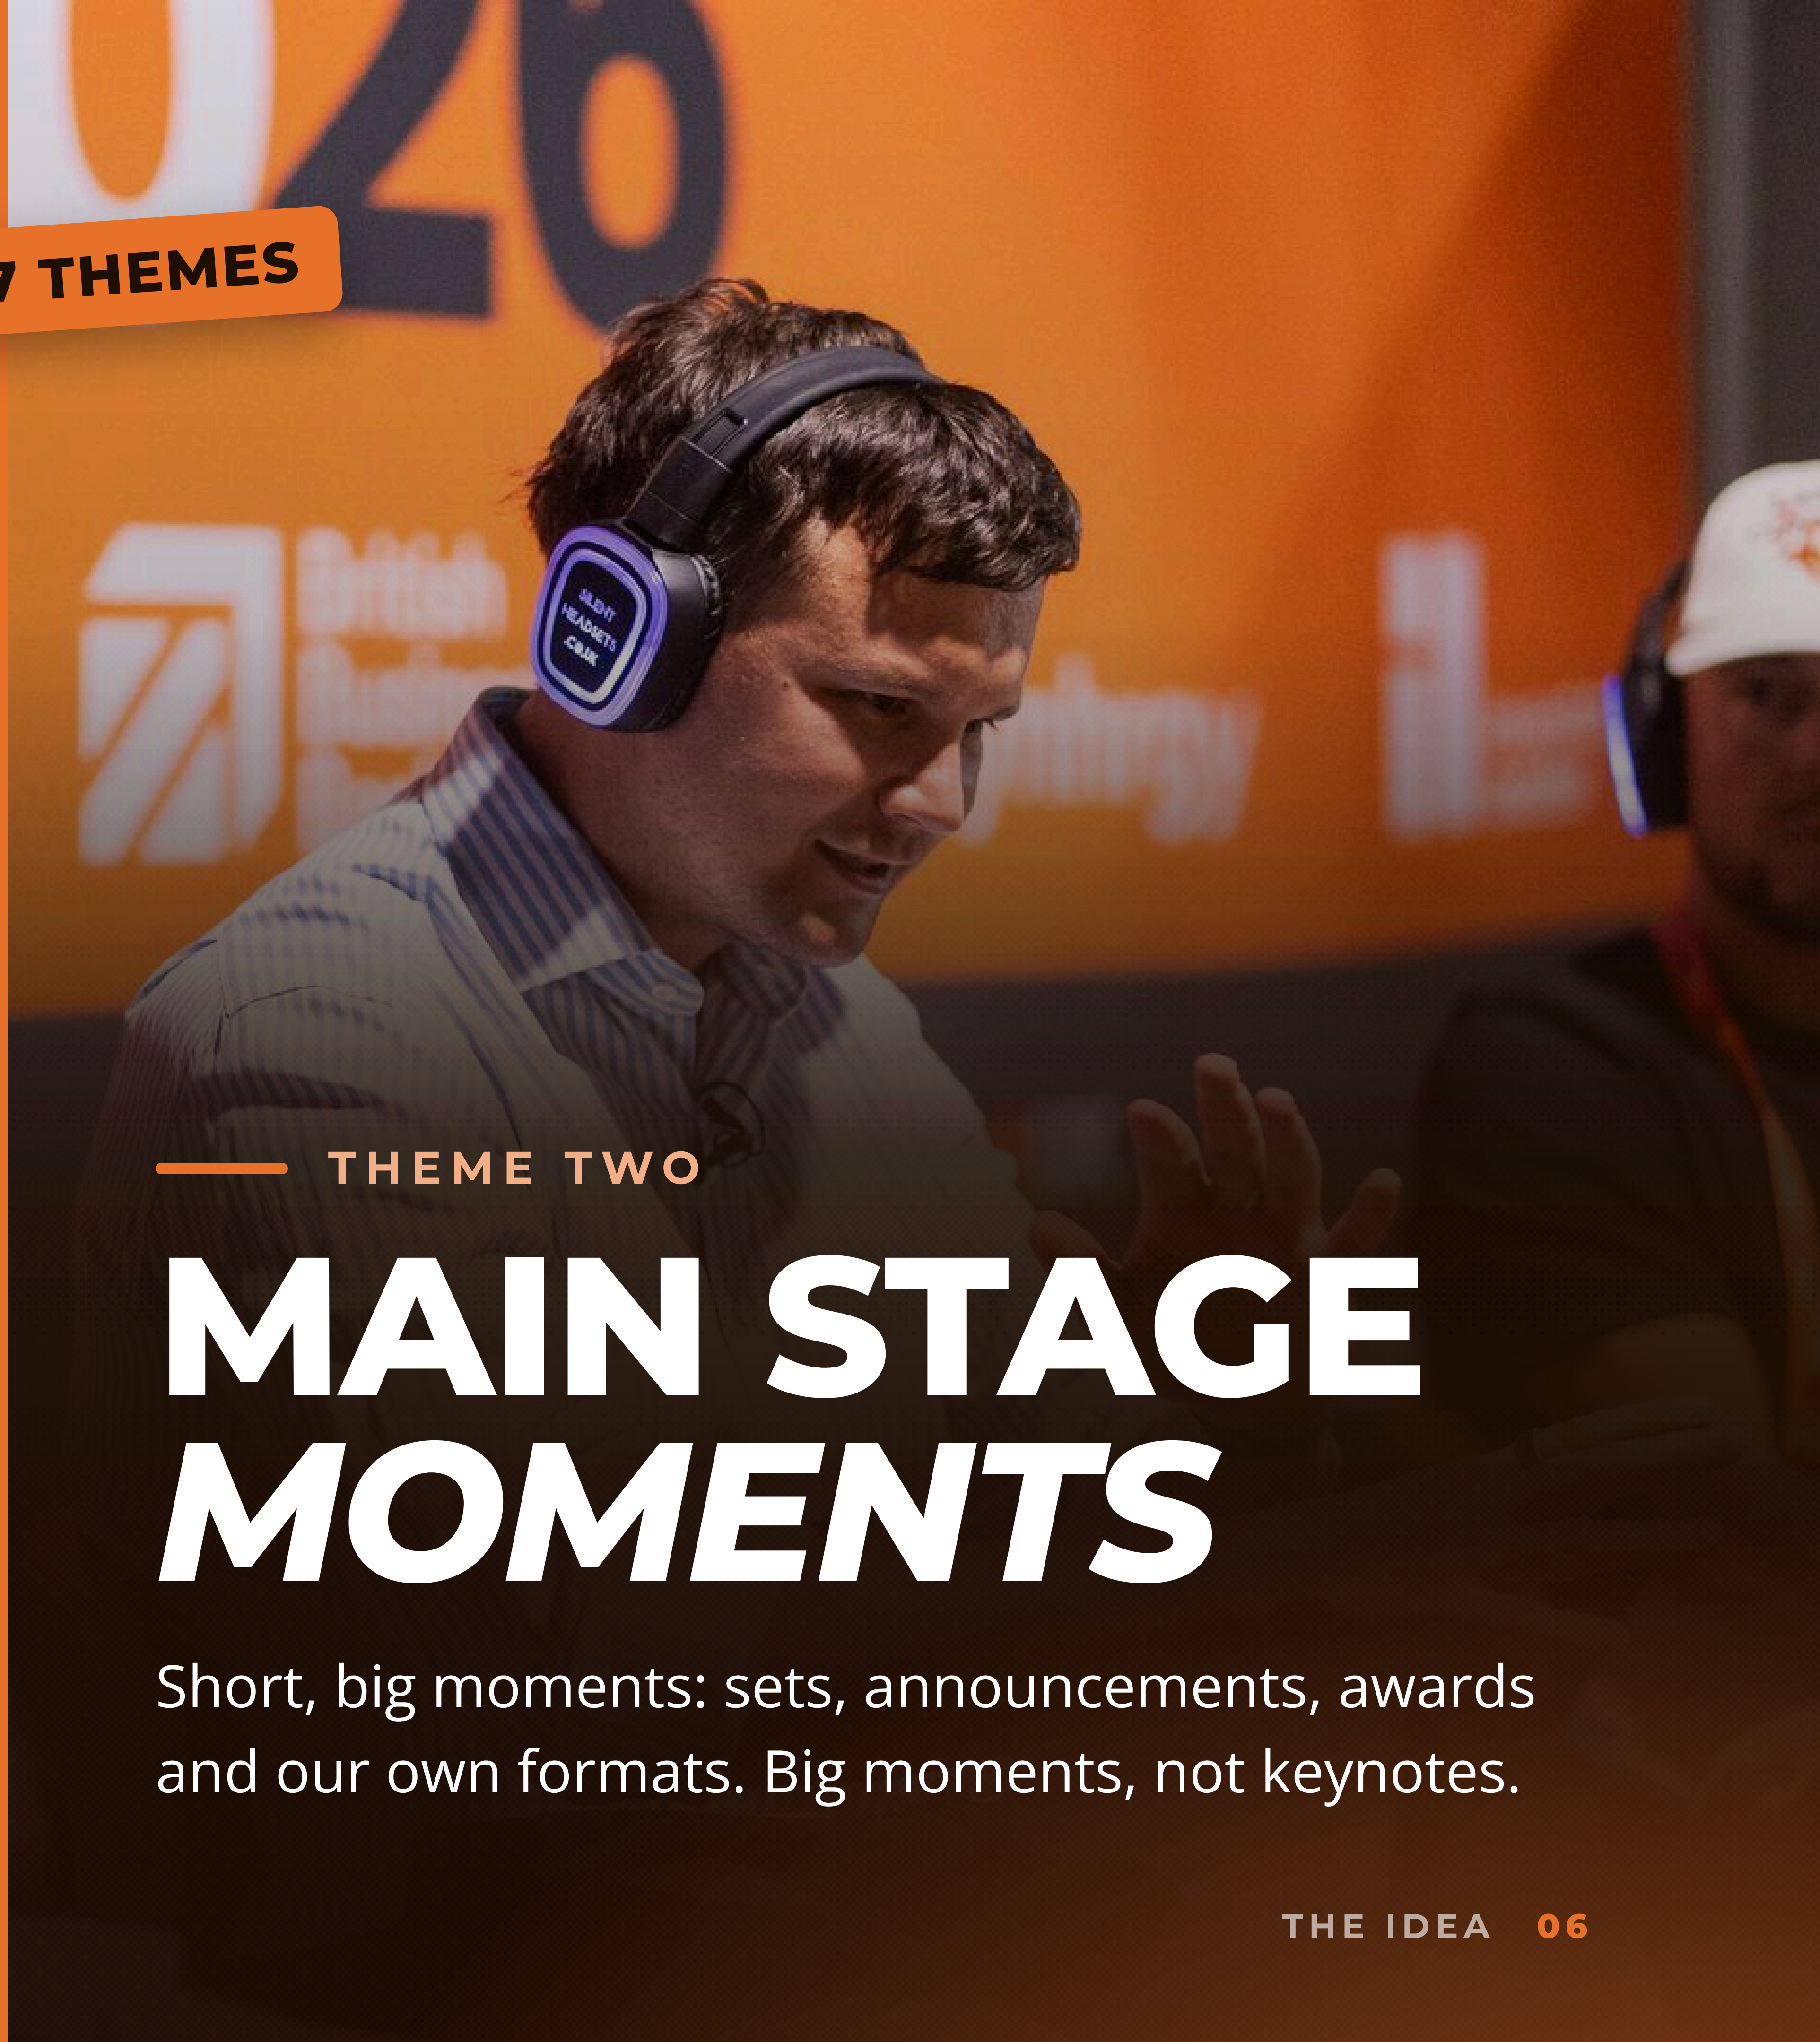
CLIMB27 THEMES



THEME ONE

FIND YOUR PEOPLE

The people you meet are the reason to come. Close conversations, the right rooms, the community that sends each other work.



THEME TWO

MAIN STAGE MOMENTS

Short, big moments: sets, announcements, awards and our own formats. Big moments, not keynotes.

THE FIVE RULES

A FESTIVAL *POSTER* WITH A BUY BUTTON.

1

DARK FIRST

Dark Brown or Charcoal is the default ground. Light grounds are for long reading: documents, long emails and forms.

2

ORANGE LEADS

One orange call to action per view. Around it, orange markers: a word, a rule, a sticker, a glow.

3

TYPE SHOUTS

Montserrat, uppercase, tight. One word orange and one word italic in every display line.

4

REAL PEOPLE

Actual attendees and stage moments, with consent. Dense photo walls, never stock.

5

CONTRAST ALWAYS

Pick a ground and use its colour pairs. White on Climb Orange only at 19px bold or larger.

LOGO

ONE MARK. *EVERY* STAGE.

THE MASTER

Climb27®

Reversed on dark is the default. Climb Orange "Climb" with White on Dark Brown, Charcoal and dark photography. Always place the master file: never redraw it, recolour it or set it in a font.

MASTERS ONLY

THE EDITION MARK

THE EDITION *LEADS*. CLIMBUK ENDORSES.

- **Climb27 leads** on posters, tickets, socials, signs and screens for this edition.
- **ClimbUK sits quieter:** smaller, in a corner or the footer, in one tone if the piece is busy.
- **Dates go next to the mark,** never inside it: 30 June and 1 July 2027.

- **The stacked tile** is the social avatar and any square 64px or larger.
- **The l! monogram** is the favicon, the app icon and anything under 64px. It is the same mark for every brand in the family.
- **Embroidery and laser marking** use the tile or the monogram, never the long wordmark.

EDITING AND CARE

WARM. *BRIGHT.* TRUE.

- **Full colour,** warm white balance, shadows that lean Dark Brown, orange held saturated.
- **Highest resolution:** RAW at no less than 4K, 6K is fine, 8K is ideal. Never upscale.
- **Light retouching only.** Never change who was there or what happened.
- **Consent:** anyone in a marketing close-up has agreed. Honour opt-out lanyards.

NEVER

- ✖ Stock handshakes, skylines or laptops
- ✖ Empty rooms and rows of empty chairs
- ✖ Lecterns from the back, slides with no people

07

MOTION AND DIGITAL

RISE. *SETTLE.* SPRING.

MOTION

A FESTIVAL *CROWD,* NOT A SLIDESHOW.

- **Rise, then settle.** Entrances travel up and slow down.
- **One thing leads.** Everything else is still or follows in a short stagger.
- **Light and crowds move, type holds.**
- **Touch gets a spring:** one small, joyful overshoot.
- **Always optional:** reduced motion swaps movement for a quick fade.

FOCUS AND STATES

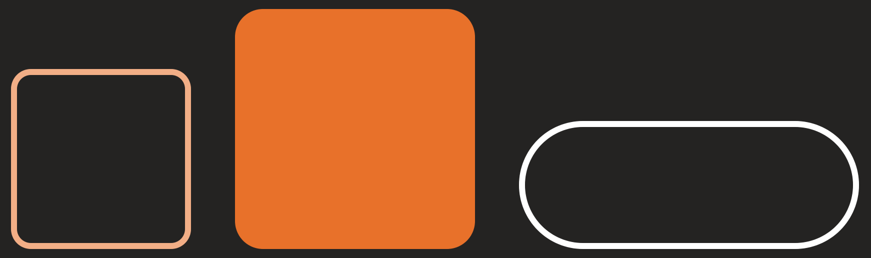
SELECTED ●

- A 3px focus ring, 3px offset, on every focusable item.
- Selected means a marker plus a word or icon change. Colour is never the only signal.
- Disabled at 40%, and say why.

SHAPE



- 10px for inputs and tags, 14px for cards, pills for buttons.
- Sections are square or cut on a diagonal. Never round a section.
- Shadows tint Dark Brown, never pure black.

Every value here is a brand token, supplied as JSON, CSS custom properties and SCSS in the downloads.

SELLING TICKETS

SHOW WHY *NOW* IS CHEAPEST.

- **A way to buy** is never more than two scrolls away.
- **The release ladder:** closed grey, open orange with what is left at this price, next and final as dashed caps that rise.

08

VOICE

HEADLINE *ENERGY*. ADVISER DISCIPLINE.

THE VOICE IN FOUR LINES

EXCITING *AND* USEFUL.

01

HEADLINE ENERGY

Write like it belongs on a billboard, a stage screen or a festival poster. Short, rhythmic, confident.

02

DOING, NOT DREAMING

Move the reader from inspiration to action. Name the outcome and the next step.

03

CURATED, NOT CROWDED

Sell the right people in the room and the quality of the conversations. Never sell size.

04

PERSONAL, NOT GENERIC

Write every piece for one audience. If it could be about any event, rewrite it.

YOUR PEOPLE. THEN DO BUSINESS WIT

THE RULES

LET THE *DESIGN* DO THE SHOUTING.

NO EMOJIS

Let design and photography carry the energy.

NO EXCLAMATION MARKS

Full stops do it with more confidence.

NO DASHES

Use full stops, commas and colons.

- **Full names.** ClimbUK, ClimbGroup or the edition, Climb27. Never “Climb” on its own.
- **No numbers we have not published.** No audience sizes or counts of partners or meetings.
- **No promises we cannot keep.** No guarantees, no promised meetings, introductions or funding.
- **Scarcity only when it is true.** Name the release, its price and its state.
- **No hedges.** No TBC, coming soon or we hope. Say what happens, or leave it out.
- **Real people only.** Quotes come from named people who agreed to them.
- **No vendor names.** Say what the reader can do, not what powers it.
