Dr Neville Young, Director of Enterprise & Innovation, Health Innovation Yorkshire & Humber (Propel HealthTech)

“Working alongside ClimbUK enables us to extend this mission further connecting with a dynamic community of founders, business leaders, and forward-thinking organisations. University of Huddersfield

“Partnering with ClimbUK allows instantprint to support that same audience in a different way, by backing events that invest in confidence, leadership and learning. Climb26 brings people together in person, and print plays a big role in shaping how that experience feels.”

instantprint

“Our team is proud to have attended and spoken at events at Climb UK this year, as it extended beyond Leeds for the first time and headed into the heartlands of the UK, such as Newcastle, Manchester, Leeds, and beyond. For us, this isn't just a calendar commitment. It's a reflection of how we've built our business.”

Ryan Sorby, Partner and Head of the North, Growth Credit, Palatine

“It was so nice to be part of an event that really champions growing businesses in the UK and I've met some fantastic people this week who I hope to stay connected with.”

Rachel Kelly, Partnership Manager, Caspian Insurance

“ClimbUK gets this. Inclusion isn't corporate theatre. Regional innovation isn't secondary. And celebrating women who are building against the odds isn't charity, it's investment in an economy that actually works for everyone.”

WHAT PEOPLE SAY ABOUT *CLIMBUK*

"Yesterday I returned to attend ClimbUK. Invited by the energy field that is Gordon Bateman to speak on a panel about later stage funding and then I ran a more intimate bootcamp on VC Readiness and Red Flags for deeptech / lifescience / uni spinouts. The panel was nicely opinionated (the best kind), with great fellow panelists, [...]. We discussed the changes by round stage, growing pains for scaleups and the need to not go through the scaling and raising phase without great advisors in your corner (like VenturePath!). [...] Maybe its the sun or my nostalgic thoughts of a younger entrepreneurial me rushing around Leeds decades ago, fuelling my optimism, but there is no reason why we can't create more venture-backed scaleup successes from across the whole of the UK, and ClimbUK was a great indicator we have the right components to make this a reality."

Ian Merricks, Founder, Proposition Lead, VenturePath

"What's the best event you've ever been to? Mine might have to be ClimbUK! The power of attending impactful events like this can be truly transformative, giving you the reset your mind might need. Not only does going to an event make you disconnect physically from the office and digitally from your computer, allowing you to feel present; but the learning opportunities and the new relationships that are forged are so so so valuable."

Ash Wilks, Director of Business Development, Wallbreaker

"Seeing young founders making great headways into the business world with ideas dreamt up in bedrooms was very inspiring."

Dan Boys, Founder, Wildfi Ltd

"Really insightful day at #Climb24 with lots of powerful speakers"

Rachel Fowler, Professional Services, Lloyds Bank

"There was a huge focus on building ecosystems which support entrepreneurship, with collaboration at their core. And how accessible and clearly signposted support must be for business owners, making it easy to access market, funding and talent (as opposed to sharing a list of topics or content and asking them to find the right place to start)"

Talitha Heaton, MPA Group

"The event had such a fantastic atmosphere of excitement, collaboration and support, and it was a real opportunity to meet people and share ideas from across so many sectors."

Nina Hinton, Director of Business and Development, Videosign

"Great event, great speakers, great participants, great networking, great engagement. Just altogether great!"

Ian McAleese, International HR Leader, Snowflake Computing

WHAT PEOPLE SAID ABOUT *CLIMB26*

"Partnerships like this are essential in creating new opportunities for innovators to connect with the right people, from clinicians and health leaders to investors and industry partners. By working together, we can further strengthen the region's ecosystem and help bring transformative solutions to patients faster."

Dr Neville Young, Director of Enterprise & Innovation, Health Innovation Yorkshire & Humber (Propel HealthTech)

"If there was one takeaway from Climb26, it's this: Growth isn't a straight line. Adapt. Build strong foundations. Diversify. Find great people. Keep moving. And perhaps most importantly: Remember - you're probably doing better than you think. Yesterday was the first time I had attended Climb. I found it useful, insightful, energising and now I have lots of ideas.....if you haven't been before I would check out next year's"

Louise Saw, Business Growth Manager, City of York Council

"What inspires us most about this partnership is the opportunity to play an active role in a movement that champions progress, ambition, and real-world impact. Together with ClimbUK, we aim to create spaces where knowledge meets opportunity."

University of Huddersfield

"Every city has its own edge and nuances, and the tour has recognised that."

Ryan Sorby, Partner and Head of the North, Growth Credit, Palatine

"A big pink stand at a business expo? You'd think you know who's stopping by. Wrong! We are absolutely DELIGHTED by how many female founders and leaders came to see us. The calibre of people building in this space is unreal. And just as many allies came to find us too! Diversifying tech only works if everyone's on board"

Girls & Tech

"instantprint are proud to be supporting ClimbUK for Climb26 and excited to see where this partnership goes next. It's about more than printing materials. It's about backing people who want to learn, grow and build something better."

"That coffee queue conversation became something bigger. A partnership. A commitment. A belief that talent is evenly distributed but opportunity isn't."

Jeff B. Cohen, Esq., Entertainment Attorney, Cohen Gardner LLP

"ClimbUK - Climb26 rocked!!! Thank you so much. Fantastic festival promoting business growth, encouraging founders and investors and the whole ecosystem in the north of England. [...] Of course this event was an incredible opportunity for those of us selected to go, to develop our businesses and we are grabbing that with both hands, but also how fabulous to be show-casing the talent, drive, purpose and business success in the north. We are prepared to put the graft in. It was never more evident that innovation is not curtailed at the Watford Gap. Thank you Gordon Bateman and your team. You should be so proud."

Serena Fordham, CEO, ProspHER

"it was genuinely invigorating to have so many great conversations with investors, founders, enterprise agencies, government, ecosystem builders from across the UK and globally"

Barry McDonald, VP Community, CodeBase
