WHAT PEOPLE SAID ABOUT *CLIMB26*

Partners, exhibitors, speakers and guests on Climb26, quoted word for word.

“We're delighted to partner with Climb26 and ClimbHealth as part of our continued commitment to supporting the next generation of innovators. Propel exists to help founders navigate the complexities of the NHS, to grow in confidence and then validate their innovations that will help to accelerate adoption.”

Dr Neville Young, Director of Enterprise & Innovation, Health Innovation Yorkshire & Humber (Propel HealthTech)

“Our team is proud to have attended and spoken at events at Climb UK this year, as it extended beyond Leeds for the first time and headed into the heartlands of the UK, such as Newcastle, Manchester, Leeds, and beyond. For us, this isn't just a calendar commitment. It's a reflection of how we've built our business.”

Ryan Sorby, Partner and Head of the North, Growth Credit, Palatine

“Working alongside ClimbUK enables us to extend this mission further connecting with a dynamic community of founders, business leaders, and forward-thinking organisations. This partnership is not simply about showcasing our capabilities; it is about engaging in meaningful dialogue, co-creating solutions, and strengthening the ecosystems that underpin long-term economic success.”

University of Huddersfield

“Partnering with ClimbUK allows instantprint to support that same audience in a different way, by backing events that invest in confidence, leadership and learning. Climb26 brings people together in person, and print plays a big role in shaping how that experience feels.”

“ClimbUK gets this. Inclusion isn't corporate theatre. Regional innovation isn't secondary. And celebrating women who are building against the odds isn't charity, it's investment in an economy that actually works for everyone.”

WHAT PEOPLE SAID ABOUT *CLIMB26*

“Yesterday I returned to attend ClimbUK. Invited by the energy field that is Gordon Bateman to speak on a panel about later stage funding and then I ran a more intimate bootcamp on VC Readiness and Red Flags for deeptech / lifescience / uni spinouts. The panel was nicely opinionated (the best kind), with great fellow panelists, [...]. We discussed the changes by round stage, growing pains for scaleups and the need to not go through the scaling and raising phase without great advisors in your corner (like VenturePath!). [...] Maybe its the sun or my nostalgic thoughts of a younger entrepreneurial me rushing around Leeds decades ago, fuelling my optimism, but there is no reason why we can't create more venture-backed scaleup successes from across the whole of the UK, and ClimbUK was a great indicator we have the right components to make this a reality.”

Ian Merricks, Founder, Proposition Lead, VenturePath

“ClimbUK - Climb26 rocked!!! Thank you so much. Fantastic festival promoting business growth, encouraging founders and investors and the whole ecosystem in the north of England. [...] Of course this event was an incredible opportunity for those of us selected to go, to develop our businesses and we are grabbing that with both hands, but also how fabulous to be show-casing the talent, drive, purpose and business success in the north. We are prepared to put the graft in. It was never more evident that innovation is not curtailed at the Watford Gap. Thank you Gordon Bateman and your team. You should be so proud.”

Louise Thompson, CEO & Founder, Myfolks

“It was so nice to be part of an event that really champions growing businesses in the UK and I've met some fantastic people this week who I hope to stay connected with.”

Rachel Kelly, Partnership Manager, Caspian Insurance

WHAT PEOPLE SAID ABOUT *CLIMB26*

“Partnerships like this are essential in creating new opportunities for innovators to connect with the right people, from clinicians and health leaders to investors and industry partners. By working together, we can further strengthen the region's ecosystem and help bring transformative solutions to patients faster.”

Dr Neville Young, Director of Enterprise & Innovation, Health Innovation Yorkshire & Humber (Propel HealthTech)

“If there was one takeaway from Climb26, it's this: Growth isn't a straight line. Adapt. Build strong foundations. Diversify. Find great people. Keep moving. And perhaps most importantly: Remember - you're probably doing better than you think. Yesterday was the first time I had attended Climb. I found it useful, insightful, energising and now I have lots of ideas.....if you haven't been before I would check out next year's”

Louise Saw, Business Growth Manager, City of York Council

“What inspires us most about this partnership is the opportunity to play an active role in a movement that champions progress, ambition, and real-world impact. Together with ClimbUK, we aim to create spaces where knowledge meets opportunity.”

University of Huddersfield

“Every city has its own edge and nuances, and the tour has recognised that.”

Ryan Sorby, Partner and Head of the North, Growth Credit, Palatine

“A big pink stand at a business expo? You'd think you know who's stopping by. Wrong! We are absolutely DELIGHTED by how many female founders and leaders came to see us. The calibre of people building in this space is unreal. And just as many allies came to find us too! Diversifying tech only works if everyone's on board”

Girls & Tech

“instantprint are proud to be supporting ClimbUK for Climb26 and excited to see where this partnership goes next. It's about more than printing materials. It's about backing people who want to learn, grow and build something better.”

instantprint

“That coffee queue conversation became something bigger. A partnership. A commitment. A belief that talent is evenly distributed but opportunity isn't.”

Jenny Garrett Global

IN THEIR WORDS

WHAT PEOPLE SAID ABOUT *CLIMB25*

Speakers, exhibitors and guests on Climb25, quoted word for word.

“Climb is all about building connections and creating opportunities. Being able to meet with the investment community and explore what we can do in our region to increase levels of business investment or seeing businesses we have supported continue to scale and take the next step makes this one of the key events of the year.”

Mitchell McCombe, Inclusive Economy Manager for Business Investment, West Yorkshire Combined Authority

“Congratulations, what a fantastic event! We thoroughly enjoyed it, and the initial feedback from all the NW CyberCom attendees, including senior leadership from Lancaster, has been overwhelmingly positive. There were lots of valuable connections made and even more conversations had! All of the NW CyberCom projects benefited greatly from being introduced to the business and investment world - quite a shift from the academic environment.”

Chris Wynne, Research Commercialisation Manager, NW Cybercom

“Being a part of Climb25 was truly an inspiring experience. My highlight was definitely meeting and networking with many incredible leaders but also speaking on a panel that was comfortable, natural, and professional all at the same time; it was truly a great experience. It really felt like a vibrant hub of innovation and connection, and the passion from everyone involved, especially the team, was palpable. It meant a lot to connect with so many driven individuals and contribute to such an important panel conversation around AI.”

Russell Bundy, Co-Founder & Chief Visionary Officer, Just Verify

“The energy, positivity and support in each and every room, whether presentation, workshop, socials in the square or networking was phenomenal - I saw perfect stranger connect through spending time eating their lunch together outside with us, then spend the rest of the day hanging out together. [...] I had unbelievable potential client opportunities through our workshop delivery and the quality people who scheduled networking introductions with me. Utterly loved it - thank you. Can we do it each quarter!?”

WHAT PEOPLE SAID ABOUT *CLIMB25*

“Climb25 was such a thrilling and stimulating event for me. As a panelist during one of the Zally Zessions on Sales & Marketing, I was privileged to share the stage with some deep experts in go-to-market for start-up and scale-up companies. Apart from that, the networking opportunities were off the scale! I met so many founders, industry experts, functional specialists in technology, sales, marketing, funding and growth that I lost count. So many really valuable connections and insights that I was really buzzing and in fact hoarse from talking to so many wonderful people. I highly recommend the Climb event and I can't wait for next year.”

Russell Palmer, Fractional CRO, Forward Balance

“As a purpose-driven entrepreneur, I am passionate about helping marginalised folks to find more confidence and connection within their lives, through roller skating. It was refreshing to have an audience of diverse thinkers at Climb25 - I have been met with incredulity that I can build such a business! I could go on, but the theme for Climb25 this year very much seemed to resonate around finding the courage to be your weird self, therefore your audience and niche, and looking at the social impact of how we show up.”

Melissa Blackwood, Director, Roller Girl Gang CIC

“Climb25 served as a powerful reminder of the energy and ambition that exists in the North of England, and why it deserves a bigger stage. In a region often underrepresented in the national growth and investment conversation, Climb25 gave founders, investors, and innovators space to connect, collaborate, and be seen. [...] The conversations we had are exactly what this network needs. We left Leeds Dock with new ideas, new connections, and a renewed sense of momentum...”

Kat Plant, Client relations manager, Interactive Digital Systems Ltd

“ClimbUK is a fantastic event and it was definitely worth making the leap across the pond from Los Angeles to attend. There is an electric, entrepreneurial spirit spotlighted at the Climb Events and it was illuminative to attend and a pleasure to participate as a panelist.”

WHAT PEOPLE SAID ABOUT *CLIMB25*

“As part of Climb, the Combined Authority supported several events supporting young people in our region. It was inspiring and rewarding to see the potential of the next generation of entrepreneurs who are bringing new ideas and innovations to the table and helping them make connections with investment professionals”

Mitchell McCombe, Inclusive Economy Manager for Business Investment, West Yorkshire Combined Authority

“Climb25 was truly magical and it was an absolute pleasure to be involved again this year as a speaker. All the talks and workshops I was part of were authentic, inspirational and thought-provoking, and the networking opportunities offered from the expo area, mixers and VIP drinks sessions, resulted in many meaningful conversations and countless valuable connections gained for myself and ProspHER.”

Serena Fordham, CEO, ProspHER

“The experience exceeded all expectations. The atmosphere was electric, driven by a genuine sense of innovation, collaboration, and ambition that made every moment inspiring. Hosting my panel I was met with insightful questions and the diversity of thought and depth of expertise made for rich, meaningful discussions. Climb25 was more than just a festival - it was a catalyst for growth and a hub of next-generation thinking. I walked away with new ideas, valuable contacts, and a renewed excitement for investing in the future of AI and technology. I look forward to seeing what's next at Climb26!”

Caroline Cartellieri, Director, C-Squared Consulting

“Climb is a MUST attend event! One of the best networking events in the UK for global business. The variety of panel talks, interactive sessions, pop-up stands provides a unique way to engage, learn and hear all things business! [...] on the back of Climb we were able to secure grants & business support from national (Innovate UK) / local (WYCA) government. Climb offers a unique experience to be able to meet with global leaders from all sectors. At Climb, you never know who you might get connected with...”
